I'm a passionate Frontend Developer with hands-on experience in **React, TypeScript, JavaScript, HTML, CSS, and Tailwind CSS** , focused on building clean and responsive user interfaces. I also bring one year of experience in **Unity development with C#** , which gives me a unique perspective on creating interactive and immersive experiences. I enjoy turning ideas into polished, user-friendly digital products.

WORK EXPERIENCE

Frontend Developer
Hur Tech

06/2025 - 10/2025

React Developer at Hur Tech, building responsive, scalable web apps with modern UI and clean, efficient code.

Frontend Developer Intern
Hur Tech

01/2025 - 06/2025   *InternShip*

Frontend Intern at Hurtech – built responsive UIs with React, TypeScript & Tailwind, improving usability and performance

Game Developer
Self

08/2023 - 07/2024

Created 3 4 small games in Unity while learning game development, gaining basic experience in C# scripting and game design

PERSONAL PROJECTS

Portfolio Website (10/2025)
- Designed and built a personal portfolio to showcase projects and skills. Focused on responsive design and smooth user experience

GrowHire (08/2025 - 10/2025)
- Developed a responsive job-seeking platform featuring a resume builder, AI-powered chatbot, job search and tracking, job details, subscription plans, and user settings. Built with React.js and Tailwind CSS, focusing on a clean, interactive UI and smooth user experience.

NexBoard (07/2025 - 08/2025)
- Built a responsive dashboard app with features like invoices, contacts, charts, FAQ, and a collapsible sidebar. This project helped me improve my skills in React, UI design, and data visualization

MovieVerse Web App (06/2025 - 07/2025)
- Built a movie search app with API integration to fetch and display movie details. Implemented cast details with clickable links to show related movies. Focused on responsive design and smooth navigation.
